Date:

Dear Mr Harvey,

Re: Commons Act 2006 – Section 38 Applications for Works on Common Land
1) Common Land Unit CL68, Goppa Hill Common
2) Common Land Unit CL74, Mynydd Pysgodlyn and part Graig-y-Bedw, Pentwyn Mawr, Bank Myddfai, Garn Fach and Banc Darren Mawr Common
3) Common Land Unit CL77, Mynydd y Gwair Common x 2 applications

As a member of the public I wish to **object** to the above applications. The fencing and related works on common land will have a detrimental effect on the common and surrounding communities and is not in the public interest.

1. There will be no "benefit to the community" as defined as "the health, comfort and convenience of the inhabitants" because this area will be restricted for people to enjoy.

2. Livestock and wildlife currently feed over this area and the proposed changes will have a detrimental effect, not least by disrupting hefts.

3. The open nature of the common distinguishes it from the enclosed farms that comprise the surrounding countryside, and this difference is valued.

It is not clear what implications the related applications for deregistration of land would have for fencing of any such deregistered land. This is a long established point of concern, with negative implications either way for the public, and which was discussed at some length at the 2014 Public Inquiry.

Please take this letter as an objection for each of the four applications mentioned above. I urge you to refuse these applications.

Yours sincerely,

……..
