Date :

Dear Sir.

**Re : Section 147 of the Inclosure Act 1845.
Proposed exchange of Common Land at :
Mynydd Pysgodlyn and part Graig-y-Bedw, Pentwyn Mawr, Banc Myddfai, Garn
Fach and Banc Darren Fawr (CL74) in the Community of Mawr, City and County of
Swansea**

I wish to **object** to the above proposed exchange of land.
This exchange of land will have a detrimental effect on the common and surrounding
communities.

1. The boundaries of this exchange land (Blaen yr Olchfa Fach) are made up of overgrown hedgerows, removal of these would be an irresponsible act since they are an important feature of the landscape and a valuable wildlife habitat.
2. The congregation of large numbers of animals drawn onto restricted land exchange area significantly increases the risk associated with internal parasites, thus causing major health and welfare problems.
3. The exchange land would not compensate for the loss of tranquility and wilderness of the common moorland

I would urge you to strongly refuse this application.

Yours sincerely

.....
